

ABSTRACT

JUSTICE AT LITIGANT'S DOOR STEPS

***SHUBHAM SRIVASTAV¹**

It has been 75 years since we became independent and our nation is celebrating Azadi Ka Amrit Mahotsav and each day we are achieving success in every subject whether it be a science, law, health, technology, education, or any other field, due to which this year our country India has got the presidency of G 20 also which is another proud moment for all of us, because every day in different parts of our country several meetings are being held on different issues of G 20, along with this each day we are achieving landmarks in making different policies and law for our country so that a justice system should be more accessible to each and every citizen of our country very easily and in a cost efficient manner because as we know that whether it be a Legislative, Judiciary or Executive at each hierarchy government is trying its best in the subject of law to make or provide to society in easy and in a cost effective way at their door steps through making different schemes under Ministry of law and justice so that each citizen of our country gets a proper guidance and service in matters related to their legal rights some of the most popular schemes started recently under National Legal Services Authority are Tele Law Services, Nyaya Bandhu, Lok Adalat and free legal Aid Services from time to time to citizens, recently in the time of pandemic a new concept of E Lok Adalat was started by National Legal Services Authority in different districts of our country which fulfil the aims of providing justice at litigants door step at the time of pandemic. Similarly recently through the initiative of Chhattisgarh District Legal Services Authority in five divisional headquarters of Chhattisgarh- Raipur, Bilaspur, Ambikapur, Bastar, Durg one new concept or a chapter which was added in the Lok Adalat concept was providing justice to litigants at their door steps for settling or adjudicating the matters or complaints related to electricity, water, health, sanitation and many other which deals with basic facilities or are having a nature of settlement by coming also at an agreement of settlement where ever it is required, for these problems citizens run from pillar to post and from government offices to courts to file their complaints for seeking basic facilities, as a result this concept Mohalla Lok Adalat provides speedy justice to the complainants by
